

Overview

Name : Vinutha S

Assistant Professor

Qualification : B.E.(EEE), M.E.(Control and Instrumentation)

Experience : 06 Months

Email: vinuthaskitblr@gmail.com

Area of Interest : Control System, Signals and System, Digital Signal Processing

Research Publications

International Journals:

- Published paper on “Mixing of solvents in chemical industries using Ratio control” in International Journal of Software and Hardware Research in Engineering (IJSHRE) Volume 6, Issue 9, September,2018.

National/International Conference:

- Presented paper on “Buck Boost Power Converter as a smooth controller for a DC motor using digital converter” in the National Conference on Innovative technologies in Electrical and Electronics Engineering (NCITEE-16) held at SKIT,2016.
- Presented paper on “Use of Power electronic converters to suppress transformer inrush current” in the National level Conference on Global trends in Electrical and Electronics Engineering held at SKIT, 2015.

Courses / Seminars / Workshops:

- Three days workshop on “Application on PLC System”, organized by Department of Electrical and Electronics, UVCE, 2017.
- Workshop on “Industrial Process Automation” organized by Electrical and Electronics Engineering Department, SKIT, 2014.
