Objective

- Develop a self-connecting T/R module for use in space-based systems. The module will be able to connect to a variety of antennas and provide the necessary power and control to the antenna.

Approach

- Developing a self-connecting T/R module.
- Developing a self-connecting T/R module.
- Characterizing the self-connecting T/R module.

Key Milestones

- Requirements analysis and design 7-08
- Prototype development 1-07
- Prototype validation 1-08

With the guidance of Head of the Department, an online workshop was organized for 3rd sem CSE students on "Computer Organization from Industry Perspective". The workshop was well carried out by Mr. Vempati Bhanu Prakash, Digital Circuit Design Engineer, Intel India for 2 hours, 3:30PM to 5:30PM using Google Meet Online platform.

Student interaction was good, Faculty members of CSE Department were also attended. It was a good strength of 50 members and all faculty members of Department.

Mr. Vempati Bhanu Prakash explained clearly about the basics of computer Organization and differentiates between software and hardware related with the upcoming subjects and provided useful information to the students. He also very well explained about memory concepts and pipelining concept by taking simple program and converted to assembly level language. He also share his knowledge about next generation computing technology and furnish the awareness among students. Dept. Head Dr. Shantharam Nayak appreciated Mr. Vempati Bhanu Prakash for sharing Computer organization and its related concept knowledge to students. Event was coordinated & introduction was given by Prof. B. SINDHUJA Assistant Professor, Dept. of CSE, SKIT.) & Vote of thanks was delivered by Prof. Sushma. M (Assistant Professor, Dept. of CSE, SKIT.)

Dear Sir,

Subject: Requesting Permission to visit Your Digital Factory for students learning purpose

Reference: Raju Gundala, IPQC Consulting Services,
contact number 9611109855

As per yesterdays telephonic conversation with SYED IMTIYAZ, We Sri Krishna Institute Of Technology Bengaluru conducting VTU TEQIP sponsored Two week Workshop "Finishing School for Circuit Branches". We need your support to make our program meaningful and Successful.

The main objective of our proposed visit is to understand and observe

1. Understanding integration of software and hardware based services in manufacturing companies.
2. Enhancing the flexibility and efficiency of manufacturing processes and reducing the time to market of products using technology and technology based services particularly digital services.
3. Understanding the concepts of "Digital Enterprises" & Totally Integrated Automation (TIA)
4. Understanding the products and production life cycle with major components.
5. Powerful Product Lifecycle Management (PLM) software, for example, allows us to (i), (ii), (iii) Understanding the PLM software tools and industrial automation.

We are expecting your early and positive reply.
ANY DAY TILL AUG 2(between 26-07-2019 to 02-08-2019)

REPORT

Two Days Workshop on Outcome Based Education

Date: 17/12/2019

The Internal Quality Assurance Cell organized Two days workshop on Outcome Based Education was held on 14th and 15th of December 2019 in Auditorium of Sri Krishna Institute of Technology. The workshop was inaugurated by the Chief Guest, Dr. B.V. Ravishankar, Principal, BMS College of Engineering, Bangalore. Sir addressed the gathering and shared his knowledge on NAAC process, preparations and importance of IQAC in improving quality of technical education. This was followed by presidential address by our Principal and Chairman of IQAC, Dr. A Manjunatha, who focused on the importance of working in a team to achieve the goal.

The session was continued by Dr. H.S. Guruprasad who addressed various parameters of OBE. It included methodology of framing Course Outcomes, mapping CO's to PO's, attainment of CO's and PO attainment with suitable examples. The two days workshop was concluded by taking feedback from all the participants and was found to be well received by everyone.

INTERNAL QUALITY ASSURANCE CELL (IQAC)

REPORT

Two Days Workshop on Outcome Based Education

Date: 17/12/2019

The Internal Quality Assurance Cell organized Two days workshop on Outcome Based Education was held on 14th and 15th of December 2019 in Auditorium of Sri Krishna Institute of Technology. The workshop was inaugurated by the Chief Guest, Dr. B.V. Ravishankar, Principal, BMS College of Engineering, Bangalore. Sir addressed the gathering and shared his knowledge on NAAC process, preparations and importance of IQAC in improving quality of technical education. This was followed by presidential address by our Principal and Chairman of IQAC, Dr. A Manjunatha ,who focused on the importance of working in a team to achieve the goal.

The session was continued by Dr. H.S. Guruprasad who addressed various parameters of OBE. It included methodology of framing Course Outcomes, mapping CO's to PO's, attainment of CO's and PO attainment with suitable examples. The two days workshop was concluded by taking feedback from all the participants and was found to be well received by everyone.
